WHO ARE WE?

We are people who oppose the official referencing and classification of the South African population in terms of: "**Black**", "**Coloured**", "**Indian**", and "**White**." These classifications were a cornerstone of the system of apartheid. We are a civil rights activist group, politically non-aligned. Our aim is to fight and terminate any form of race classification and to encourage non-racism amongst all people. The race classification law, the *Population Registration Act of 1950* was **SCRAPPED in 1991** by the South African parliament. This give **job - recruitment officers**, government or private organisations, **no legal right** to classify any South African citizen by race! The SA Human Rights Commission's Hearing report of 14 March 2018 recommended to the presidency the removal of the "Coloured" categorization by **31 March 2019**. **Please do not fill in these race blocks OR we all could tick African/ Black and confuse their statistical data.**

PARC PETITION TO PARLIAMENT

Download the PARC petition from our website. It is about the removal of the race blocks. Read more about the dangers of race classification in our book, **The blind man's race**. Email us for an order: glensnyman1@gmail.com. Details on website.

JY MAG NIE MEER NA ONS VERWYS AS

KLEURLINGE of COLOUREDS NIE!

Dus dieselfde soos die “Kaf...” woord gebruik. ‘n Persoon kan krimineel aangekla word vir die gebruik van hierdie “k – woord” teen iemand. Ons verwag dieselfde behandeling. Dit is rassisties om te dink dat om twee verskillende rasse bymekaar te voeg skep ‘n derde ras, “Coloured”, en dat Wit en Swart as ware (“pure”) menserasse bestaan. Kleurling/Coloured is nie ons se historiese naam nie en dit was op ons afgeforseer deur die Apartheid regering. **Ons vra jou om hierdie praktyk vandag te stop asb!**

Noem ons Suid-Afrikanners, of Khoi en San mense, of vra vir die individue om hul etniese identiteit van sy keuse aan jou bekend te maak. Moenie afleidings maak of veralgemeen nie en dink almal is dieselfde nie, net as gevolg van hulle velkleur. Moet ook nie alternatiewelik na mense verwys as “Bruinmense” nie. Want dan moet ons na almal opgrond van hulle velkleur begin verwys, bv. **Pienkmense, Geelmense, Navymense (baie swart-blou), ens.** Kom ons stop die onwettige naamgeëry. Begin om nuwe beskrywende woorde aan te leer om mense te beskryf. Ons almal moet vandag ‘n nuwe begin maak. Gaan na die Camissa Museum se webtuiste vir ‘n indiepte geskiedenis van die identiteit van die Suid-Afrikaanse Volk: www.camissamuseum.co.za.

Sou Apartheid ooit geëindig het indien ons nie fisiese aksies (strikes, ens.) toegepas het nie? Sou dit gestop het met net ‘n gepraterij en ‘n klaery daaroor? NEE! **Indien jy nie aan ons versoek gehoor gee nie, sal jy berispe word, of soortgelyke teenkating en druk ontvang. We are trying to highlight that “Coloured / Kleurling” identification has the same degrading level of interpretation status as the Kaffir identification. Historically it has the same status and should not be used.**

Ons opposisie / vyande / “adversaries” is:

1. Almal wat hulle self noem Kleurlinge / Coloureds.
2. Almal wat andere noem Kleurlinge / Coloureds.

Indien jy wil help, sluit by ons aan. Kontak Glen Snyman, sel: **0723424926**, glensnyman1@gmail.com.
